Installation Guide

VirusShield™ Screen

2 support stands

STEP 1

VirusShield™ Screen comes in 3 parts.

The screen itself, 2 support stands and 8 pieces of acrylic stoppers.
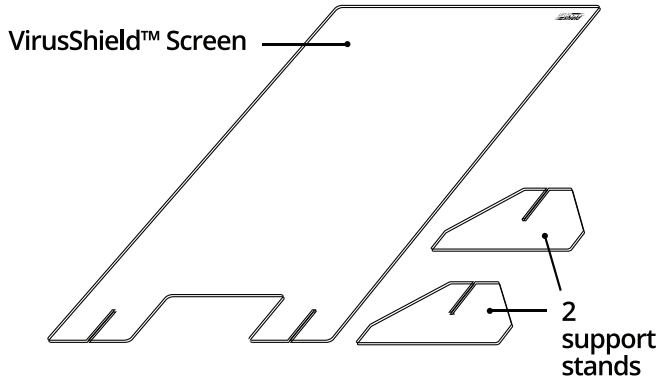

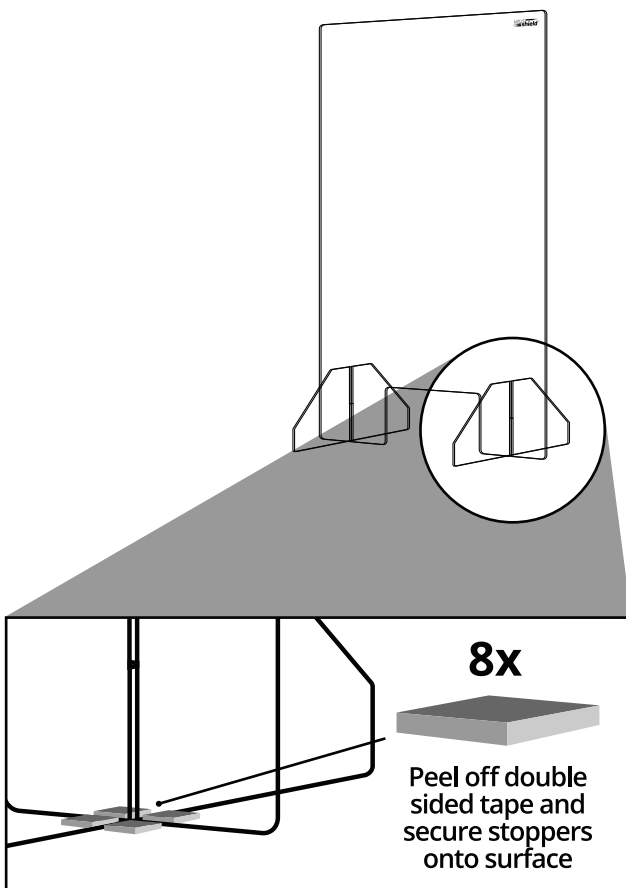

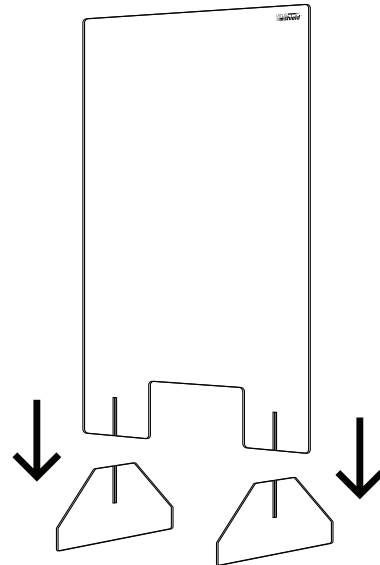

Peel off all protective sheets before installation.

STEP 2

To install the stands, connect the slots of the screen to the slots of the support stands.

STEP 3

After postioning your screen, you may install the optional acrylic stoppers at the corners of the support stands to prevent the screen panel from moving and shifting.

8x

Peel off double sided tape and secure stoppers onto surface

CLEANING

To keep your VirusShield™ Screen clean and virus-free, regular surface cleaning and sanitisation is advised. You may wipe down the surface of the panel with a clean cloth and disinfectant.
